

# INTERVIEW WITH THE NEW HEADMISTRESS OF OUR SCHOOL

Students that are a part of ISP English conducted an interview with our new headmistress, Kristina Renko. They asked her interesting questions. Read her answer below.

## 1. How long have you been teaching?

I have been teaching for 20 years and been a principle since August 2018, so for two months.

## 2. Where did you teach before you came to our school?

I was a teacher at Tone Okrogar Elementary School.

## 3. What kind of memories do you have of this school? We mean while you were a student and a teacher.

I have mainly positive memories. I have been a student at this school. My mom was a teacher of Geography which was a problem for both of us. I made good friends here. It was a happy period of my life so I came back as a teacher.

**4. To which high school and university did you go to? Did you like it? Would you choose the same schools again?**

When I finished elementary school, I went to Ljubljana. I went to Gimnazija Poljane. I had to travel to Ljubljana every day by train. Then I went to Faculty of Arts in Ljubljana (Filozofska Fakulteta Ljubljana) and graduated from History and Art History. Yes, I would choose the same schools again because I loved both of them a lot.

**5. Why did you choose to study your subjects?**

Those are my favourite areas of knowledge and are very precious for me. They are a part of who I am, my character.

**6. Why did you decide to become the headmistress of our school?**

When I was »just« a teacher, I always tried to make my lessons as interesting as I could. Sometimes it was hard to do it, but I think it went really well. I always tried to give you- the students- some interesting information. Now that I`m the headmistress I`m mostly stuck here, in my office. Mainly, I`m trying to make changes. We all know that they can be good or bad. I try to make them as good as I can.

**7. What kind of a job you think you would have if you weren't a teacher? Do you think you would enjoy it as much as you do teaching?**

I don't know what kind of job would be good for me. I see myself in a museum where I would like to do research. Perhaps I would do something like that.

**8. What do you like to do in your spare time?**

I like to travel and read. Since I became a headmistress I don't have enough time to read, and this really annoys me a lot. I hope that in few months this will change so I can read a little more.

A great big THANK YOU to our Headmistress for taking an hour in her busy schedule to talk to us. Hope you enjoy reading our interview.
